EXPERIENCE

Website Manager
Jul 2022 – Present

Office of Public Affairs and Communications, Yale University

- Manage a portfolio of 18 university websites, including the flagship It's Your Yale, coordinating a network of 20+ content contributors to keep content accurate, consistent, and free of duplication.
- Served as technical lead on the It's Your Yale redesign, partnering with Yale ITS and vendor Four Kitchens to migrate over 2,500 pages on time and under budget; the work was later recognized platform-wide as YaleSites 2.0.
- Built and maintained an editorial and site style guide that standardized voice, tone, and presentation, growing into a campus-wide effort to scale content standards.
- Support an AI chatbot assistant through QA, launch, and ongoing accuracy, and participate in AI working groups shaping responsible AI practices in university communications.
- Lead analytics strategy across a platform migration to Google Analytics 4 and Google Tag Manager, and build self-service LookerStudio dashboards for client-facing reporting.
- Act as project lead on multiple site-upgrade projects, providing timeline structure, requirements gathering, and strategic guidance for senior leadership and faculty stakeholders.
- Resolve technical and coding issues across Salesforce Email, SharePoint, and Drupal; meet a two-day turnaround on ~10 daily requests.

Graphics / Web Assistant II
Oct 2019 – Jul 2022

Department of Emergency Medicine, Yale School of Medicine

- Designed, edited, and developed website content, managing incoming web requests end to end.
- Identified and resolved website problems and tested pages for accuracy and functionality.
- Designed and formatted print materials including publications, brochures, and newsletters.

Communications Intern
May 2019 – Oct 2019

Department of Emergency Medicine, Yale School of Medicine

- Created and compiled content for newsletters, social media, and articles.
- Managed social media platforms, optimized the department website, and designed graphics for publications.

Student University Photographer
Aug 2018 – Jul 2019

Office of Integrated Communications and Marketing, SCSU

- Photographed events and subjects across a range of university needs.
- Collaborated with departments and external partners to support the university brand, and updated website content using Drupal templates.
